The goal of the **Pride In Your Shared Neighbourhood Committee** is to help foster a positive relationship between Saint Mary's University students and our neighbours as they work together to build a better community.

The committee made up of students, staff, neighbours and HRM representatives who care about the places where they live, work and study. Their main focus is on getting to know one another and working together to make the community the best it can be.

They work year round to educate students on the responsibilities of being a good neighbour and to make neighbours aware of the contributions students make to the community. This is accomplished through:

- Educational material
- Awareness sessions
- Meetings
- Fun activities
