

NOTICE TO RESIDENTS

Water Interruption – Gaspereau Avenue (Affecting Fowler Street and Iona Road)

Beginning at 9:00 AM Wednesday, February 15, 2017 and continuing to approximately 4:00 PM, there will be a scheduled water interruption affecting the residents on Gaspereau Avenue (from Fowler Street to Pleasant Street), also affecting residents of Fowler Street and Iona Road. The interruption is necessary to repair a watermain break.

Residents are advised to stockpile the necessary water needed during the interruption prior to 8:00 AM Wednesday, February 15, 2017.0

Once service is re-established you may experience some discoloured water. If so, you can flush your system by running the **cold water** for several minutes. This will help eliminate any dirt and air that may have gotten into the lines during the upgrade. It's best to flush through a tap without a strainer such as a bath tub tap or outside hose bib.

You may contact the Town of Wolfville Public Works Department at (902) 542-5767, should you have any questions or concerns related to the interruption.

The Town of Wolfville apologizes for any inconvenience and appreciates your patience and understanding as improvements to the Town of Wolfville continue.
