Title: 2025/26 Budget and Operations Plan

Date: 2025-03-25

Department: Finance

SUMMARY

2025/26 Budget and Operations Plan

Annually the Town of Wolfville strives to have its annual Budget and Operations Plan for the new fiscal year commencing on April 1st reviewed and approved by Council prior to the start of the new fiscal year. The purpose of ensuring that both the Operations Plan and Budget are in place prior to April 1st is to ensure that the appropriate spending authority is approved prior to the start of the new fiscal year. The operations plan in combination with the budget work to form a complete budget package.

The identified spending authority and strategic operational planning enables staff to implement key directives provided by Council at the commencement of the new fiscal year and not to create any delays in executing Town programs and services. From a financial and operational perspective, this is the best practice that the organization prides itself on and staff work diligently to adhere to this timeframe.

For public awareness, regular evaluation and re-adjusting of the financial lenses occurs throughout the fiscal year, with Council and staff interacting with the public in various formats, including regular Committee of the Whole (COW) meetings, Special Committee of the Whole meetings, Advisory Committee meetings, Wolfville Blooms, and many other communication mediums in order to provide useful and timely feedback to the Town.

The formal budget process, in accordance with ***Standard Operating Procedure 110-804***, included the following:

- Mid-January Council reviewed the Operational Plan at the Special Committee of the Whole Meeting on January 1, 2025.
- In February, management submitted budget working papers to the Director of Finance & Corporate Services and the draft Operating Budget was reviewed by Senior Leadership Team.
- An all-day Special Committee of the Whole meeting was held March 11, 2025, to present version 1 (V1) of the Town and Water Utility Operating Budget for 2025/26- & 5-year Capital Investment Plan.
- A Request for Decision is brought to the Special Committee of the Whole Meeting on March 25, 2025, with a balanced Draft version 2 (V2) Budget, along with the Operations Plan.

Municipal Fees Policy 140-015

Clause 5.3 of the Municipal Fees Policy notes that the policy will be reviewed annually.

The Senior Leadership Team has reviewed their relevant sections during the budget process, and at this time there are no changes recommended to fee values.

Request for Decision (RFD 013-2025) will be brought forward to Council for consideration and approval.

5) FINANCIAL IMPLICATIONS

The proposed V2 draft 2025-26 Budget meets the requirement of a balanced budget and a funded Five-Year Capital Investment Plan.

Important to note, the current multi-year capital investment plan and budget may create movement of a number of provincial Financial Condition Indicators (FCI’s) towards higher risk measurements. In addition, funding and implementation of some capital planned projects may require further decisions and risk management as related capital program FCI’s are expected to create acute high-risk situations for multiple years, however, by the latter part of the Ten-Year CIP those indicators will begin to resolve themselves back to a

low-risk status. This is a planned and prudent use of Capital Reserves and debt to finance the ten-year capital plan of \$56 million.

The Town should remain focused on ensuring financial sustainability is maintained over the long- term.

6) REFERENCES TO COUNCIL STRATEGIC PLAN AND TOWN REPORTS

The draft 2025-26 Operations Plan accompanies the draft 2025-26 Budget and provides insight into the strategic planning of the Town’s infrastructure, service and program offerings. In combination these two documents form the key responsibilities and areas of functionality for each Town department, along with capital investment planning.

Based on feedback from Council at the March 4 & 11, 2025, Committee of the Whole meetings, the following changes have been made to the 2025/26 Operational Plan:

- A list of all Grants to Organizations has been added to page 8 & 9.
- Financial trends and levied rates have been added to page 11. Additional financial information will be added to this section once the budget is approved.
- A pilot project to address concerns with the impact of continuous crosswalk use at the intersections of Gaspereau Ave, Highland Ave, and University Ave, causing undue congestion on Main Street will be explored. Staff will bring information to Council for further consideration has been added to the Crosswalk Evaluation project described on page 21.
- RCMP FTEs have been added to page 28.
- A “status” column has been added to the Capital Investment Plan on pages 31-35, providing the current status of those projects. This information will be completed prior to publishing.

The document is now receiving a final review for proof reading and copy-editing. Once complete and approved it will be posted publicly.

7) COMMUNICATION REQUIREMENTS

Following Council’s approval, appropriate releases and posting will occur.

8) ALTERNATIVES

The alternative not to approve the current draft budget, with additional direction to staff of Council’s desired changes.

Department: Finance

- Best practice would be to have an approved annual operating and capital budget prior to the start of a new fiscal year. No one budget can satisfy all service levels desired and/or public request for services and still meet the goal of minimizing tax increases.
- As with past years, to the extent that actual results in 2025/26 start to vary significantly from budget, staff will work with Council to manage any major negative variances.

Introduction

Wolfville is a charming university town in Nova Scotia's Annapolis Valley where history meets contemporary cultural vibrancy. With 5000 residents and Acadia University at its core since 1838, this dynamic community has cultivated a unique identity that draws visitors and residents alike. While it's difficult to put one's finger on exactly what makes Wolfville so special, the ingredients are all around us.

The town's cultural life thrives through major events like the Deep Roots Music Festival and Devour! Food Film Fest, while the historic Al Whittle Theatre hosts independent films and performances. Residents are drawn together to cheer on the Falcons, Griffins, Axewomen & Axemen. They celebrate, recreate, remember and mourn together. The community's collective social conscience pays homage to the deeds of the past, as today's leaders build for tomorrow.

The town's art-filled downtown bursts with energy as residents and visitors frequent locally owned shops and restaurants, taking in community celebrations and live events. The town preserves its agricultural heritage through its farmers' market and farm-to-table restaurants, while embracing modern innovation. This harmonious blend of preservation and progress makes Wolfville one of Nova Scotia's most distinctive communities, where every corner tells a story of the past while actively shaping the future.

Like all small Towns, Wolfville faces several key challenges. The town grapples with infrastructure needs, as it balances maintenance of its aging infrastructure with the needs of a growing population and realities of climate change. Almost 90% of Town revenue come from property taxes and associated rates. As the costs of infrastructure and everyday expenses increase, it puts added strain on Town operations and its taxpayers.

However, Wolfville enjoys significant opportunities. Its location in the heart of wine country and proximity to the Bay of Fundy creates an ideal tourism offering. The presence of Acadia University brings intellectual capital, cultural diversity, and a steady influx of young people. There is a tradition of cooperation across communities to provide high quality service. The town's walkable downtown, vibrant and active nature, and cultural amenities make it an attractive place to live for all demographics.

This 2025/26 iteration of Wolfville's Operational Plan and accompanying budgets aim to invest in infrastructure and programs that our community needs and values. It also sets the stage to review and adjust how the Town plans and prioritizes its work, enables access to housing, invests in programs and capital that meet the needs of residents, forecasts its finances, and communicates with the community. This work aims to balance the Town's growth with the preservation of its small-town charm and that indefinable something that makes Wolfville so Wolfville.

Town Council & Strategic Direction

Municipal government in Nova Scotia is divided along the lines of elected officials and municipal staff. The principal role of the elected officials is to govern, and to do so as a collective, while the principal roles of staff are to manage and implement.

Town Council's role centres on overall governance. That means the Council, as a collective, sets the strategic direction of the Town. This is done in collaboration with Town staff and exercised by making decisions on budgets, plans, bylaws and policies, communicating with the community, and participating in public discussions.

In October 2024, municipal elections were held throughout Nova Scotia. The residents of Wolfville elected to Town Council for a four-year term:

- Mayor Jodi MacKay
- Deputy Mayor Jennifer Ingham
- Councillor Mike Butler
- Councillor Wendy Elliott
- Councillor Ian Palmeter
- Councillor Kelly van Niekerk
- Councillor Howard Williams

In the spring of 2025, Town Council will review and renew its Strategic Plan. This renewed plan will provide strategic direction for the Town for the duration of the 2024-2028 Council term.

(L to R: Cllr van Niekerk, Cllr Palmeter, Deputy Mayor Ingham, Mayor MacKay, Cllr Butler, Cllr Elliot, Cllr Williams)

As a starting point, the Town continues to make decisions and provide services with its vision, mission and key principles and strategic directions in mind.

VISION: A vibrant, progressive town at the centre of a thriving and sustainable region, where residents, visitors, businesses, and university thrive and grow.

The vision identifies four elements (residents, visitors, businesses, and the university) that operate in harmony and provide mutual support and benefit. All must be healthy and stable for this vision to be achieved. None is expendable or more important than the other. The vision also references the Town's symbiotic relationship with the surrounding region.

MISSION: To provide leadership and collaborative governance for the responsive and responsible allocation of public resources for the greater good of Wolfville.

This mission outlines the purpose of Council. Its decisions will be made understanding our role is the responsive and responsible management and expenditure of public funds.

Mayor MacKay with Mudley

KEY PRINCIPLES

1. **Sustainability:** Decisions will be made with a view to long-term viability of the Town.
2. **Transparency:** Decisions will be made openly and in public.
3. **Accountability:** Decisions are a function of the whole of Council, which is responsible for their impacts.
4. **Well-Communicated:** Decisions and the decision-making process will be well communicated.
5. **Evidence-Based:** Decisions will be based on factual evidence, the importance of an issue to the community, and other realities of our community life.

STRATEGIC DIRECTIONS

The Strategic Directions found in the Municipal Planning Strategy (Economic Prosperity, Social Equity, Climate Action, and Community Wellness) have been adopted by Council as primary or strategic focuses for the Town's services. Decisions will be made with consideration of these broader goals.

TOP PRIORITIES

Of all the projects contained in this document, Town Council's top priorities are:

1.
2.
3.
4.

Town Operations

In Nova Scotia, the Chief Administrative Officer (CAO) serves as the administrative head of a municipal government. They are the Council's only employee and act as the primary link between it and the Town's staff. The CAO is responsible to Council for the Town's operations. While they have extensive administrative responsibilities, a few of the notable ones include:

- They manage the Town's day-to-day operations, implementing policies and decisions made by Town Council. This involves overseeing the programs and services provided by Town staff and ensuring they function effectively.
- They provide professional advice to elected council members with the assistance of other professional staff, helping them understand complex administrative and operational issues. They prepare reports, recommend strategies, and offer insights that support informed decision-making.
- They are responsible for overseeing staff, supervising department heads, and maintaining a productive and professional work environment. This includes hiring, managing human resources, and ensuring staff are working towards the Town's goals.
- They play a crucial role in financial management by ensuring budgets are developed, monitoring financial performance, and ensuring responsible use of public funds.
- They serve as the Town's chief point of communication when dealing at the administrative level with other municipalities, levels of government, stakeholder, community partners and the public.

The CAO's core function is relatively simple: to provide professional, efficient administrative leadership that supports the elected council in serving the community.

Program & Service Delivery

The CAO does not work in isolation. While they hold extensive responsibilities, those responsibilities and the accompanying authority is delegated throughout the organization. Wolfville is fortunate to have a talented, dedicated and hard-working Town staff team delivering a wide variety of programs and services.

A team of between 65 and 80 employees, depending on the season, are divided into four departments: the Office of the CAO, Finance & Corporate Services, Public Works & Engineering, and Planning and Community Development. While organized by department, Town staff work collaboratively across the organization to deliver high-quality services and support the wellbeing of our residents. The vast majority of the Town's staff work directly with the public providing a range of services. Public Works and Parks operations are completed by members of SEIU Local 2. An organizational chart can be found in Appendix 1 that shows how the Town is formally organized.

Within each Department, there are key day-to-day deliverables and functions that are at the core mandate of the Town. These are listed in each section and are key to the Town's daily operations. These deliverables can take up a great deal of internal capacity, which limits the Town's abilities to take on additional priorities and initiatives. It is important to recognize that while this Operations Plan endeavours to address various Council and administrative priorities, the Town's day-to-day essential service requirements must not be sacrificed.

This document provides extensive information on the programs and services provided by the Town. While it can sometimes be confusing what order of government is responsible for what services, as a general guide the provincial or federal government, not the Town, provide the following services:

- Healthcare services and hospitals
- Primary and secondary education
- Social services and income assistance
- Provincial highways and major roads
- Natural resource management
- Environmental protection
- Justice system administration
- Motor vehicle registration
- Immigration services
- Provincial parks
- Post-secondary education

While the Town takes great pride in the services it provides to residents and businesses, sometimes it is beneficial to work on a regional scale to provide higher-quality services at a lower cost than the Town could provide otherwise. In that vein, several services are provided by service agreements in cooperation with our municipal and institutional neighbors, such as:

Solid Waste Management
Public Transit

[Valley Waste Resource Management \(VWRM\)](#)
[Kings Transit Authority \(KTA\)](#)
[Kings Point to Point Transit \(KPPT\)](#).

Emergency Management
 Library Services
 Regional Economic Development
 Community Fibre-Optic Network

[Kings Regional Emergency Management Organization.](#)
[Annapolis Valley Regional Library \(AVRL\)](#)
[Valley Regional Enterprise Network.](#)
[Valley Community Fibre Network \(VCFN\).](#)

Yet other programs and services are provided by community partners through various working and funding agreements, such as the [Wolfville Business Development Corporation \(WBDC\)](#) and the [Annapolis Valley Trails Coalition \(AVTC\)](#) and [Acadia University](#).

Grants to Organizations

The Town also provides grant funding to organizations or a service, program, special project, initiative, or capital campaign for the benefit of residents, businesses, and visitors to the Town of Wolfville. The criteria for the grants offered by the Town are available in the [Grants to Organizations Policy](#).

In 2025/26, the following grants have been authorized:

Risk & Reporting

Each of the initiatives described in this plan have an element of associated risk. Due to their nature, many initiatives will not be completed in linear or sequential order. While risks have been mitigated to the greatest degree possible through this process, some ever-present risk factors include:

- Reduced staffing levels due to an unexpected absence or departure.
- Unforeseen events that require unplanned attention and resources.
- Partnerships that require extra communication and coordination.
- Decisions may take longer than planned.
- Delays from vendors, contractors, or regulators.
- Technical challenges that take time to resolve.
- Further issue investigation may require adjustment to scope or goals.

Acknowledging risk, regular reporting to senior staff, council and the public is important so that challenges and deviations are identified early. The primary conduit for reporting on Ops Plan will be the monthly CAO report to the Committee of the Whole. Additionally, many initiatives will come to Council with their own decision points. Finally, a more detailed “Ops Plan Update” will be provided to the Committee of the Whole twice a year.

Financial Condition, Taxation & Expenditures

Assessments

The Property Valuation Services Corporation (PVSC) is responsible for assessing the value of all property in Nova Scotia for the purpose of municipal taxation. PVSC delivers an assessment roll to all forty-nine municipalities annually and provides over 650,000 assessment notices to property owners. PVSC also administers the Capped Assessment Program (CAP) on behalf of the Nova Scotia Government and administers all assessment appeals. Notices of assessment were distributed to property owners on January 13th, 2025. Property tax rates are applied to this assessment value.

Property taxes are pivotal in determining the Town's financial capacity; in 2025/26 property taxes and associated fees and levied made up **75%** of the Town's total revenues. Taxable residential assessment increased by 7.7% from 2024/25 to 2025/26. Commercial assessment increased by 1.32% and resource assessment decreased by 20.84% from 2024/25 to 2025/26. 66% of all residential property in the Town of Wolfville falls in the Capped Assessed Program, meaning those properties increased by 1.5%.

Financial Condition Indicators

Each year the Nova Scotia Department of Municipal Affairs releases a set of financial indicators for each municipality that represent key components of financial sustainability. Wolfville's financial indicators from 2019 – 2023 are provided below.

Risk Indicator Color Code

Low Risk
Moderate Risk
High Risk

Financial Condition Indicators Years 2019-20 through 2023-24

Name of Indicator	Per PNS Publication				FIR Submission
	2019/20	2020/21	2021/22	2022/23	2023/24
	Reliance on Gov't Transfers	2.0%	3.9%	3.3%	2.4%
Uncollected Taxes	7.0%	7.0%	6.1%	8.1%	3.5%
3 Yr change in Tax Base	4.60%	6.90%	9.60%	9.40%	13.90%
Reliance on Single Business	0.6%	0.6%	0.6%	0.6%	0.5%
Residential Tax Effort	4.30%	4.50%	4.10%	4.30%	4.90%
# of deficits	-	-	-	-	-
Liquidity Ratio	3.6	2.7	2.6	2.5	2.1
Operating Reserves	25.1%	30.0%	25.8%	21.3%	22.1%
Combined Reserves	46.7%	53.3%	51.5%	55.4%	62.1%
Debt Service Ratio	7.3%	7.4%	7.6%	7.8%	7.0%
Outstanding Operating Debt	0.0%	0.0%	0.0%	7.6%	6.8%
Undepreciated Assets	58.3%	59.1%	57.1%	56.9%	56.9%

Wolfville shows strong financial health, reporting medium risk in only two indicators: three-year change in tax base and residential tax effort. Both rely heavily on residential taxable assessment values, and how the growth in those values in Wolfville compares to other towns in Nova Scotia.

At 9.6% and 9.4%, three-year change in tax base has shown relatively strong growth. However, in both years this growth still lagged growth in the consumer price index, automatically identifying it as being medium risk. With inflation rates now falling and property values maintaining, it is anticipated this indicator will return to low risk over time.

Residential tax effort measures the percentage of household income in a municipality spent on municipal taxes and helps understand how much financial "effort" households must make to cover property taxes. This indicator provides insight into the impact of residential property taxes, the affordability of Town services, and sustainability of its ability to fund those services. The province defines low risk for this indicator as being below 4% (ie: on average, 4% of household income is spent on property taxes), moderate risk is between 4% and 6%, and high risk is over 6%.

For additional historic financial information, please consult the [Town's Financial Statements](#) and the [Provincial Municipal Report on the Town of Wolfville](#).

All other indicators show low risk and significant positive variances from threshold values.

Rates Per \$100 of Assessment	2023/24	2024/25	2025/26
Residential Tax Rate	\$1.475	\$1.4566	\$1.4566
Fire Protection Rate	\$0.06	\$0.0555	\$0.055
Commercial Tax Rate	\$3.575	\$3.5655	\$3.5655
Business Development Area Rate	\$0.25	\$0.23	\$0.23

Key Financial Changes from 2024/25:

- Town revenues have grown by \$1,408,387, driven primarily by:
 - An estimated increase in residential tax revenue \$685,000 due to increased assessments.
 - An estimated increase in deed transfer tax revenue of \$100,000
 - An estimated increase in the grant-in-lieu of taxes of \$118,100 from Acadia University and Canada Post.
 - An estimated increase in provincial and federal grants of \$345,308.
- Town expenses have grown by \$859,556, driven primarily by:
 - Employee wages & benefits
 - Operational equipment & supplies
 - Transfers to capital reserves
 - Contributions to inter-municipal service providers

The increase in the capital program is higher than past years, recognizing increased funding requirements to replace Fire Dept. trucks in upcoming years.

When prepared, this section will also include:

- High level breakdown of revenue & expenditures
 - Most significant expenditure categories

- Most significant revenue categories.
- Key financial changes from previous year.

Sewer Treatment Plant Disinfection System Upgrades	A crucial component of the Town's sewer treatment process is the disinfection of wastewater prior to its discharge. This is done by 144 UV bulbs held in two banks of nine racks each holding eight bulbs. These bulbs will be replaced based on their anticipated lifecycle. The racking system that holds the bulbs will also be upgraded to enhance safety and efficiency.	\$50,000 in 2025/26 \$50,000 in 2026/27	Fall 2025

Since that time, some work has been completed to formalize the program.</p> <p>A qualified consultant will assist to further develop the Town’s Asset Management Plan and database into usable systems. An integrated Asset Management system with accurate and timely data will enable staff and Council to make better decisions about maintaining, replacing and repairing municipal infrastructure and weigh financial capacity against competing priorities.</p> <p>This work will include a review and assessment of 2018 Asset Management plan, assessment of workflows, improvement of operational input tools, consideration of software requirements and evaluations of organizational needs for FY 2026/27.</p>	\$50,000	Spring 2025 – Winter 2026
Capital Planning	<p>Staff will assess existing plans for infrastructure and facility improvements and consider them against known gaps, anticipated growth, and the Town’s financial capacity, and bring information to Council to refine the Town’s capital plan and priorities. Part of Growth Management work with the HAF program.</p> <p>This project is linked with Asset Management and Financial Forecasting.</p>	Staff led	Spring – Fall 2025

Development of Standards & Specifications for Town Infrastructure	<p>The Town does not have a standard set of municipal service specifications. Service specifications will clearly outline the minimum engineering standards required for developers to design and build infrastructure that the Town will take over (i.e. streets, sidewalks, curbs, stormwater, etc.). Because the Town has no standard service specification, the Town Engineer must review each application and assess it against current best practices and jurisdictional norms. This can create ambiguity and higher costs for the developer, a greater time burden for Town staff, and variations in the built environment throughout Town. Town of Wolfville Municipal Standards and Specifications will be created.</p>	\$15,000	Winter 2026
Project Management	<p>Management and contractor oversight of approved capital projects; conceptual design and liaising with consulting engineers on development of new capital projects.</p>	Staff led	Ongoing

Wolfville Police Services – Royal Canadian Mounted Police

Wolfville had its own police force until 2000 when a decision was made to switch to the RCMP. From 2000 until 2024, Wolfville contracted RCMP service through the Provincial Police Services Agreement. In recent years, Wolfville considered changes to policing services and began a Policing Review.

After community consultation and relationship building with Kings District RCMP, and due to recent population increases, the decision was made to change from a Provincial Policing Services Agreement (PPSA) to a Municipal Policing Services Agreement (MPSA) effective April 1, 2024. The signing of an MPSA provides the Town with additional control over personnel and financial aspects of its policing agreement and more detailed reporting from the Province. Through this agreement the costs of policing services in Wolfville are divided between the Town (70%) and the Government of Canada (30%). A

Sergeant and eight constables are assigned to Wolfville under this agreement.

In addition to the MPSA, Wolfville is also part of the RCMP's Kings District, which provides redundancy and flexibility in staffing particularly during large or complex events. The Sergeant responsible for Wolfville reports to the Kings District Staff Sergeant and District Commander. While the RCMP are responsible for all policing matters, the Town's CAO has input on certain staffing decisions and the Town's Police Advisory Board contributes to policing priorities carried out by the RCMP.

Policing priorities are created in collaboration between the RCMP and the Wolfville Police Advisory Board. The priorities in 2025/26 include:

- Safe roads and highways, including traffic safety and enforcement.
- Crime prevention, with a focus on property crime.
- Community engagement with municipal and indigenous governments, and stakeholder groups.

The RCMP providing police services in 36 municipalities in Nova Scotia through the PPSA, and five direct MPSA contracts. Eight municipalities have their own police force. All policing services are carried out in compliance with *the Nova Scotia Police Act* and other applicable provincial and federal statutes.

The most common call types are 1) motor vehicle collisions, 2) medical response and 3) fires. In addition to the 'usual' firefighting duties, the WFD has established a special Hazardous Materials Emergency Response team in collaboration with the Kentville and New Minas Volunteer Fire Departments that provides service across Kings County.

An Intermunicipal Fire Services Agreement with Kings County sees the WFD provide fire services in communities surrounding Wolfville, for a total service area of 167 sq/km. Mutual aid agreements see the WFD also contribute members and apparatus in emergency situations throughout Kings County.

REQUEST FOR DECISION 013-2025

Title: Municipal Fees Policy 140-015 – Annual Update

Date: 2025-03-25

Department: Finance

SUMMARY

Municipal Fees Policy – Annual Update

The Town's Municipal Fees Policy (#140-015) notes that the Policy will be reviewed annually, and fees amended as required. Fees are noted in the supporting schedules to the policy and cover various departments within the Town's operation. The annual review and recommended changes can take place during the budget process, or as a separate process, provided municipal fees are relevant for the commencement of any new fiscal period.

It is staff's intention to add the **Municipal Fee Policy** review to take place as part of the budget process for future fiscal periods.

The 2025/26 annual **Municipal Fees Policy** update contains **no changes** to municipal fees as reflected in the 2025/26 Town and Water Utility Operating Budgets.

It is important to note that current user fee rates related to the sanitary sewer system (user pay structure) as well as other current fees (or items with no fee attached to the service) form part of the draft 2025/26 operating budgets.

Should circumstances related to any fee covered by the aforementioned policy change once following the policy's re-adoption, staff shall bring any proposed fee amendment(s) to Council prior to any change in municipal fees.

DRAFT MOTION:

That Council approve the Municipal Fees Policy #140-015 as attached to RFD 013-2025.

REQUEST FOR DECISION 013-2025

Title: Municipal Fees Policy 140-015 – Annual Update

Date: 2025-03-25

Department: Finance

1) CAO COMMENTS

The CAO supports the recommendations of staff.

2) LEGISLATIVE AUTHORITY

- Nova Scotia Municipal Government Act (MGA)

3) STAFF RECOMMENDATION

Staff recommend Council approve the Municipal Fee Policy as attached and recommends a more detailed review of fees occur prior to finalizing the 2026/27 budget.

4) REFERENCES AND ATTACHMENTS

- Draft Municipal Fees Policy 140-015

5) DISCUSSION

As noted in Policy 140-015, this policy is to be reviewed annually. Ideally this would tie into the budget process. Over several years there have been few changes to the schedules, which accompany the ***Municipal Fees Policy***.

For 2025/26 there are no recommended fee changes to the ***Municipal Fees Policy***.

Based on input from members of the management team, current fees are sufficient for 2025/26 and shall plan to undertake a more in-depth review of fees during the coming year.

6) FINANCIAL IMPLICATIONS

The Town Budget reflects the fees as noted in the policy attached. In general terms, the fees deal with small revenue streams to the Town, and therefore they are not of a magnitude that impacts the Town Budget and tax rates.

7) REFERENCES TO COUNCIL STRATEGIC PLAN AND TOWN REPORTS

No specific references provided. The annual review process is a matter of business process to ensure key changes are not missed. Part of the more detailed fee review in the coming year will be consideration of areas of social equity, climate action and community wellness.

8) COMMUNICATION REQUIREMENTS

One approved, the re-adopted Policy will be posted on the Town's website for access by the public and the Town's internal documents will be updated. As it stands Town Staff are using the current fee structure and rates, which are applicable to the fiscal period 2024/25.

9) ALTERNATIVES

Changes to the ***Municipal Fees Policy*** could be made without statistical or supporting schedules, and it would not be recommended by staff to do so at this time.
