2025 Acadia Homecoming was well actioned by Wolfville Compliance and RCMP. RCMP had the Mobile Command Post in place. 8 RCMP Tac Troop members were present for a 12 hrs shift along with a complement of 8 overtime members to assist the on duty members. Control of the streets were excellent up until 1800 hrs when the dynamics changed and people started to overflow onto the street. Some incidents were reported and actioned by police but none became overwhelming. Members turned to crowd control which lead to very little enforcement opportunities due to high numbers of young people on the streets and in the yards.

Further discussions have been had in preparation for future large events and will be modified to adjust for better coverage. Even with the large number of people present, calls for service were not high.
